

A Lifetime SOLUTION

Temporary roofing materials like asphalt, composition, and wood provide a thin level of covering to a home. Almost immediately, they begin to breakdown. Lost granules, discoloration, black streaking, and curling corners not only detract from the beauty of your home, but leave your living space and possessions susceptible to water and structural damage.

A Lifetime of BEAUTY

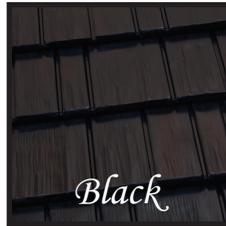

Great American Shake's high performance Kynar 500® coating creates a tight molecular bond which protects its vibrant colors. Each Great American Shake roof comes with a 30 year Fade Resistant warranty to ensure your roof's color looks as beautiful in ten, fifteen, and twenty years as it did the day it was installed.

A Lifetime INVESTMENT

Unlike most prorated temporary roofing warranties, each Great American Shake roof comes with a lifetime limited non-prorated warranty, giving you peace of mind for the future. The Great American Shake warranty is also transferrable to new homeowners from the point of installation for up to 40 years.

A LIFETIME OF AMERICAN MADE
BEAUTY, SAVINGS, AND PROTECTION

A LIFETIME OF AMERICAN MADE

PROUDLY MANUFACTURED IN HOUSTON, TEXAS, GREAT AMERICAN SHAKE UTILIZES ONLY FIRST-RUN AMERICAN MADE MATERIALS. FROM METAL TO PAINTS, FASTENERS AND COATINGS, GREAT AMERICAN SHAKE HAS BEEN ADORNING AND PROTECTING HOMES SINCE THE EARLY 1970S.

GREAT AMERICAN SHAKE

A Lifetime of **PROTECTION**

Great American Shake is more than a temporary covering, it is a total roofing system. Its press-formed metal design, color and coatings, concealed clips, interlocking panels, and accessories all provide a complete lifetime system of protection which will protect and add value to any home.

Great American Shake is UL rated and rigorously tested against hail, falling debris, wind, and fire. Its concealed clips and four-way interlocking design create a near impenetrable shell of protection against extreme weather, including winds of 120 miles per hour.

A Lifetime of **SAVINGS**

Great American Shake uses hI-R® Heat Barrier coatings to save money on energy bills. Using advanced reflective pigment technology to create the highest quality coating available today, hI-R® reflects the sun's infrared rays which cause heat build up in the home. Great American Shake reduces the attic heat gain by up to 34% which can save homeowners up to 25% on their summer energy bills! In addition, Great American Shake is an Energy Star partner roofing product which may qualify homeowners for federal, state, and local rebates.

AT A GLANCE:

ONE

Asphalt shingles begin to deteriorate soon after installation and need replaced within 15 to 17 years. Great American Shake provides lifelong beauty and protection and will be the last roof your home ever needs.

25%

Great American Shake reduces ambient attic temperature by reflecting the sun's intense energy. Homeowners can save up to 25% on summer cooling costs with Great American Shake on their home.

95%

Great American Shake is committed to good stewardship of natural resources and is made from 95% recycled aluminum and is 100% recyclable.

120 MPH

Great American Shake withstands winds of up to 120 MPH by forming a near impenetrable shell of protection for your home in the most extreme weather conditions.

30 YEARS

Great American Shake is manufactured by a proven industry leader with over 30 years of metal roofing manufacturing experience.

LIFETIME

Great American Shake roofs come with a lifetime limited warranty giving homeowners across America peace of mind for their home and family's future.
